Monday: 1-30-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: First team meeting for Project 1. We discussed group rules and coding standards and started to discuss the agile stories for our first sprint.

Wednesday: 2-1-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: We continued to add and complete the agile stories for Sprint 1. We started to play planning poker but we have not demonstrated it to Professor Lebowitz.

Monday: 2-6-23

Attendance: All attended except for Davis

Location: Class

Meeting time: 3:20-4:20 PM

Description: Played planning poker in front of Professor Lebowitz but we did not do it correctly, so we will have to replay it next meeting to demonstrate it properly

Wednesday: 2-8-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Played planning poker successfully for Professor Lebowitz. Discussed which story to complete for the first sprint. Specifically to complete the login page for the admin and student.

Monday: 2-13-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Showed Professor Lebowitz our story for the first sprint. We then discussed what stories we should work on for the next sprint. We decided that we wanted to work on the database for the colleges and souvenirs, and get that displayed on the UI.

Wednesday: 2-15-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Database for the colleges and the souvenirs was completed. The database was successfully linked to the program without issue. And the student page tour UI was completed, but none of the trips work yet.

Monday: 2-20-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Can display the database in the program and show all the colleges and their souvenirs. And you can see the individual college souvenirs.

Wednesday: 2-22-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Clarified with Professor Lebowitz on parts of the Project that we did not understand and checked what we still needed to complete for the project. We discussed more about the custom trip option and the UCI trip.

Monday: 2-27-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Between the meetings, we individually completed the UCI, Saddleback, and ASU tour options. In addition, we completed the souvenir purchases after each trip. We then merged the work onto the main branch of the project.

Monday: 3-6-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Finished Sprint 2 and showed Professor Lebowitz the current state of the program. Professor Lebowitz noted that the ASU trip needs to be changed such that the program automatically calculates the nearest schools given the number of schools to look for.

Wednesday: 3-8-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Worked together on the ASU trip to see if we could alter the trip such that it calculates the trip automatically instead of having the user pick the other schools to visit.

Monday: 3-13-23

Attendance: All attended

Location: Class

Meeting time: 3:20-4:20 PM

Description: Focused on running through the program and testing to make sure what we had completed worked. Ran through most of the test cases successfully. Discussed what documentation we had left to do.
